## Alfred Station Volunteer Fire Company

Members of Alfred Station Fire Company and A.E. Crandall Fire Company were invited to tour Alfred University's new equestrian center November 6<sup>th</sup>, 2005. Jill Paxton, director of the university equestrian program, led fire company members through the various sections of the building explaining the purpose and functions of each area. Firefighters discussed emergency plans with Ms. Paxton including evacuation procedures for personnel and the horses boarded at the facility.

In other news, Alfred Station Fire Company Members responded to 35 emergency calls in the month of October. 27 Automatic Alarms, 3 Motor Vehicle Accidents, 1 Dryer fire in the village, 1 small fire near the creek behind the Celadon Building in the village, 1 stove fire, 1 natural gas leak and 1 horse rescue at the AU equestrian center pictured above.
